Delegates to Interstate Commerce Law Convention are Appointed.

Rumors Rise in Denver to the Effect That Railroads Will "Pack" It.

George J. Kindel is to Voice Centennial State's Demands.

BY DIRECT WIRE TO THE TIMES.

DENVER (Colo.) Oct. 18.—(Exclusive Dispatch.) Today, Gov. McDonald appointed Col. William E. Hughes, president of the Centennial State Commerce Law Association, to represent Colorado at the convention of the Interstate Commerce Law Association in Chicago, October 14.

It is stated that all three are in accord with the views of President Roosevelt on reform in railroad rates. The other delegates from Colorado will be named by the various Chambers of Commerce and Boards of Trade.

It is said here that the railway companies expect to pack the convention with men whose duty it will be to prevent a fair expression of opinion in favor of the President's policy.

Word from California, Oregon and other Western States is received that the companies have offered delegates favorable to their interests free transportation and expenses for the Chicago trip. The same inducements

are, probably from the Chamber of Commerce. He will address the convention on freight-rate discrimination in Colorado, and unless the railroads succeed in controlling the convention, his remarks are expected to result in some important recommendations to Congress on the rate question.

OPENING DAY SPEAKERS.

BY DIRECT WIRE TO THE TIMES.

MILWAUKEE (Wis.) Oct. 18.—(Exclusive Dispatch.) In addition to Edward Rosewater, editor of the Omaha Bee; former Gov. S. R. Van Sant of Minnesota, and Joseph H. Call of Los Angeles, Senator James H. P.ear of Hudson, Wis., will be a speaker at the convention called by Chairman E. P. Bacon of the Interstate Commerce Law Association.

Bacon has not confined his speakers to any particular topic or limited their time, but has left that for them to decide among themselves. He intends to have the four speakers make their addresses on the opening day of the convention.

Shaking-up of Bones in Nevada Railroad Town—Residents of Different Sections Contend for Public Buildings—Fights and Losses Told Down and Moved.

BY DIRECT WIRE TO THE TIMES.

RENO (Nev.) Oct. 18.—(Exclusive Dispatch.) In defiance of the law, a mob of five hundred persons gathered at Sparks, four miles east of here, tonight, and by force tore fixtures and lock boxes from the postoffice building, piled packages, letters, papers, stamps and other government property into two wagons, and carried them to what most of the citizens of the railroad town believe is a better location. In what is known as the Courtland Building, about a quarter of a mile nearer the center of town.

Postmaster Beemer today received notification that he had been appointed to the office to succeed T. J. Bone, who at once began to prepare to turn over the property to his successor in two weeks. Neither of the postmasters is reported to have been with the mob tonight.

The location of the office has long been a bone of contention between the residents of different sections of the town.

Twenty-seven Irving Park Maidens Agree Not to Enter Bonds of Matrimony.

BY DIRECT WIRE TO THE TIMES.

CHICAGO, Oct. 18.—(Exclusive Dispatch.) Twenty-seven of the Irving Park maidens have organized an "Anti-Cupid Club." They have agreed not to marry or to be given in marriage. All love is barred.

The members declare that "Marriage is a check to independence and ambition, and it is more than deadly to strong and enduring friendships. When you are married, you are a friend to no one; you are a slave."

PAYS DUTY ON HER NECKLACE.

NEW YORK WOMAN LONG ELUD-LEBIE SHAW'S AGENTS.

When Finally Cornered in Theater She Begged Officers Not to Arrest Her in Public Place, but Plea Gave Her Still Another Opportunity to Slip Away.

BY THE ASSOCIATED PRESS—P.M.

WASHINGTON, Oct. 18.—The special agents of the Treasury Department recently succeeded in locating a valuable diamond necklace which was smuggled into the country and securing a large amount of customs duties which the owner sought to evade.

Some weeks ago the treasury officials received information that a woman living in New York had purchased abroad a necklace for which she paid \$230,000 and had succeeded in getting it through the line of baggage inspectors at New York. Her name and residence was given to the customs officials and men went promptly to work on the case.

On calling at her house, it was learned that she had gone to Philadelphia, where they found her. From Philadelphia, she went to Chicago and from there she went to Boston, thence to New York again, the customs officers in close pursuit. She was finally found in a New York theater.

When approached, the woman said that she had no idea of the necklace's value.

Company as agent to buy the whole. The final option expired October 15, after having been renewed from September 15. Last Saturday, the Santa Fe officials notified William H. Andrews and Arthur Kennedy, who were carrying on the negotiations, that they would not take up the option.

Senator Andrews hurried to Washington and Senator Kennedy was in New York. They failed to interest other parties, and could not get the Santa Fe to reconsider its action.

Not having enough money to complete the railroad and to meet their obligations, the whole thing collapsed.

T. Lee Clark, cashier of the Enterprise National Bank, according to the best information, with Torrance and Kennedy, raised the needed money to carry on the scheme, while Andrews gave it his personal attention in carrying forward their work.

Francis J. Torrance, head of the Standard Manufacturing Company, and one of the leading Republicans of Pennsylvania, who has been closely identified with the workings of the bank, now in the hands of a receiver, is now lying at the point of death.

Clark, the cashier, with W. R. Andrews, formerly of Pittsburgh, now Territorial Delegate of New Mexico at Washington, and former State Senator Arthur Kennedy had, it appears, been in several large deals. One of them was the selling of railroad property to the Santa Fe road. The option which, in closed, meant a fortune to each of those named, was not taken up Saturday, but was allowed to expire. The Enterprise bank, it appears, had backed this deal heavily, and when it did not go through, there was a scurrying.

Cashier Clark, who has for years been considered one of the most conscientious men in Allegheny county, a shining light and elder in the United Presbyterian Church of Bellevue, appears to have spelled ruin. The bank had been carrying, according to best information received, about \$700,000 in paper of Pennsylvania politicians. Among this was \$200,000 for Andrews and others of those of the Santa Fe deal.

Last evening, Cashier Clark went to

CUDAHY'S DAUGHTER.

Miss Katherine of Milwaukee Married to a Dayton, O. Man Yesterday.

BY DIRECT WIRE TO THE TIMES.

MILWAUKEE (Wis.) Oct. 18.—(Exclusive Dispatch.) The marriage of Miss Katherine Cudahy, daughter of Mr. and Mrs. Patrick Cudahy, to Thomas Fennel of Dayton, O., was solemnized this morning at St. John's Cathedral. It was a green-and-white wedding. The altars were banked with a profusion of magnificent palms, ferns and white stars.

The bride, exquisitely gowned, entered with her father, and her sister, Miss Josephine Cudahy, was maid of honor. The bridesmaids were Misses Marie Fennel of Dayton, O., and Irene Cudahy. The bridegroom's brother, Henry L. Fennel, was best man.

JANUARY OVERTAKES JUNE.

OMAHA, Oct. 18.—(Exclusive Dispatch.) Christian Madsen, aged 28, and Miss Edmuth Larsen, aged 25, were married here today. Madsen's affection for her began in Copenhagen, where they both lived. When she left to visit a brother in San Francisco the old man followed soon after. At the home of her brother in California the courtship continued. The result was, they decided to return to Denmark together as husband and wife and today they stopped off in Omaha for the ceremony.

GOULD LINES EXPRESS.

Globe Company Will Get the Business as Wells-Fargo Contracts Expire.

BY DIRECT WIRE TO THE TIMES.

DENVER (Colo.) Oct. 18.—(Exclusive Dispatch.) As fast as Wells-Fargo contracts on the Gould line expire, the Globe Express Company will succeed the California corporation.

Today, the Globe Company and the Western Pacific Railway Company signed a contract giving the former exclusive rights on the new road from Salt Lake to San Francisco.

Soon, it is stated, the Globe Company will get the line Grande Western from Wells-Fargo. Gould will give the company contracts on his road.

The annual meeting was held today, and the following directors elected: George J. Gould, E. T. Jeffery, C. H. Schenck, Jesse White, J. W. Gilfillan, J. F. Valle and J. B. Andrews.

SUICIDE OF CASHIER CLOSES BANK'S DOORS.

Enterprise National of Allegheny in a Federal Examiner's Hands.

Accounts in Muddled Condition—Securities of Pennsylvania Development Company Ordered Stricken Out. Santa Fe Central Railroad Enterprise is Involved. Large Land Sales—Prominent Men Concerned.

BY DIRECT WIRE TO THE TIMES.

PITTSBURGH (Pa.) Oct. 18.—(Exclusive Dispatch.) The Enterprise National Bank of Allegheny is closed by the order of the Comptroller of Currency, S. W. R. Ridgely, and John W. Cunningham, National Bank Examiner, in charge. The bank need not have been closed but for the suicide of T. Lee Clark, cashier, who took laudanum and shot himself in the head at his home this morning.

The bank examiner found his accounts in a muddled condition, brought on by Clark's connection with the Pennsylvania Development Company. This concern has securities aggregating \$200,000 in the bank. Comptroller Ridgely ordered the securities stricken out of the bank's assets. This was about to be done when Clark killed himself.

The depositors know nothing of this, and up to 1 o'clock this afternoon deposits were made by patrons, and no money was withdrawn. As a result of the self-destruction of Cashier Clark, the closing of the bank will bring to light remarkable financial deals in which Arthur Kennedy, formerly State Senator; William H. Andrews, Delegate from New Mexico; Francis J. Torrance, and T. Lee Clark, the dead man, are interested.

They attempted to float the Santa Fe Central Railroad, 90 miles long, connecting the Rock Island and the Santa Fe Railroads. They had also purchased the land on their side.

At a meeting of the board of directors, this afternoon, it was announced that, as far as known, there was nothing wrong with Clark's accounts. President Gwiner said tonight he really didn't know.

"I was afraid I was only a dummy president," he said, "my money counted, not me."

California's Eldest to the Honorary Thirty-third Degree Include

WASHINGTON, Oct. 18.—The Supreme Council for the Southern Jurisdiction, Scottish Rite Masons, today considered the report of the Committee on Nominations. Among Knights Commander of the Court of Honor, who were elected to the honorary thirty-third degree were the following: California: Joseph David Ahrens, Robert Kneeland Dunn, William Parker Fillmore, all of San Francisco; John Martin, William Schuyler Moses, Morris Blinnoff, Frank Chester Van Schack, Perry Winslow Weldner and William Rhodes Horsey, Los Angeles.

There were 228 Knights Commander of the Court of Honor elected, Admiral Schley and former Gov. Alva Adams of Colorado being among the number. The council today adopted the report of the Committee on Jurisdiction, requiring members to be citizens of the United States.

CAPT HILL WEDDED.

BOSTON (Mass.) Oct. 18.—(Exclusive Dispatch.) Miss Ruth Alden Curtis, daughter of Mr. and Mrs. John D. Curtis of Worcester, was married last evening to Capt. Edward Hill, U.S.A. The ceremony took place in the Central Congregational Church, and was performed by Rev. Albert Hitchcock, the pastor. Capt. Hill is the son of Mr. and Mrs. William James Hill of Concord, and is stationed at Fort Rosecrans, San Diego.

OMAHA EMPLOYING PRINTERS DEFEAT THE UNION.

Effort Will be Made to Deprive One Company of City Contract Because of Absence of Label, but It Will End in Failure—Number of Men Locked Out About Seventy.

BY DIRECT WIRE TO THE TIMES.

OMAHA, Oct. 18.—(Exclusive Dispatch.) The last of the big printing shops in this city belonging to the typographical union will pay off and discharge its union printers Friday and become an open shop. It is that of the Burely Printing Company. When the other shops discharged their men and told them that they could return to work as individuals only, the Burely Company did not join in the lockout because it had a big printing contract on its hands, upon which the men were then at work.

There are now about seventy union printers involved in the lockout. Secretary McBride of the typographical union today that the shops where these men were employed are now running with a full force of non-union printers, and that they are procuring them without difficulty. The non-union men are competent, too, he says, and will be relied on by the employers.

The secretary of the Typographical Union said today that the typographical union is being made to deprive the Klapp-Bartlett Company of the contract for the city printing of the government, agents of the British government, agents of the contract provides that the union label shall appear on all the city's printed matter. The company insists that there is any clause in the contract having reference to the union label, and declares that the contract cannot be broken on this ground.

JOHN BULL EXPORTING GIRLS.

Purity Evangelist Charges British Government With Trafficking in Oriental Maidens.

BY THE ASSOCIATED PRESS—P.M.

LACROSSE (Wis.) Oct. 18.—Serious charges against the British government were made at the National Purity conference today by Mrs. Catherine Bushnell of Oakland, Cal., world purity evangelist. Mrs. Bushnell charged that the exporting of Chinese and Japanese girls for immoral purposes was a recognized business in the Far East and that it was carried on under the protection, encouragement and supervision of the British government, agents of the Hongkong and Singapore. The matter had been reported to the London government, she said, but she claims to have personal knowledge that the practice is going on as before, under full government protection.

The conference today decided to call a national purity convention at Boston in 1906. It was also decided to organize every State in the Union against the traffic in girls.

PROOF OF IMMORTALITY.

Dr. O. O. Burgess of San Francisco Reads a Paper to the Medical-Legal Society.

BY DIRECT WIRE TO THE TIMES.

NEW YORK, Oct. 18.—(Exclusive Dispatch.) Positive assertion that the theory of immortality is susceptible of proof was made tonight by Dr. O. O. Burgess, a San Francisco scientist, at the opening of the fall meeting of the Medical-Legal Society at the Waldorf-Astoria.

Dr. Burgess read to a large audience of noted physicians a paper on "Demonstrative Proof of Immortality," and drew upon the demonstrations of Spiritualists for his material. He declared that the Humber spiritualist demonstration, which he has watched closely, is not a fraud, and that the reports of communication with the spirits of an after-world are true, thus pointing to existence after death.

The paper was read to a class of attentive listeners, and gave them much food for discussion.

The Electrical Action of the Organs of the Human Body was the title of a paper read by Dr. R. J. Weaver, also of San Francisco. The members were admitted to the organization.

Sir Alfred Harmsworth Interested Britons in the Exploitation.

BY THE ASSOCIATED PRESS—P.M.

LOUGHBOROUGH (Mass.) Oct. 18.—(Exclusive Dispatch.) New developments have arisen in the Newfoundland fisheries trouble with the Gloucester and other New England fishermen. Leading fishermen claim to have received information from Newfoundland that the move of Premier Bond of Newfoundland in the alleged violation of the Treaty of 1815 is in the interest of a concern known as the West Shore Improvement Company.

It is well known here that this corporation is backed by Boston, Buffalo and London capital. Fred Harmsworth being the principal figure in the company. It is estimated that a number of prominent Bostonians who figure in the reciprocity movement are interested in the matter. A group of Buffalo capitalists became interested in the fisheries first, and secured the cooperation of Bostonians.

Sir Alfred Harmsworth was interested in the proposition, which aimed at exploiting the mineral, fishery and timber resources of the Newfoundland West Shore. Through him, Mr. Whitney, the present Canadian secretary of the corporation, came into the corporation, and is now present.

MONTANA WARRANTS.

Attorney General Orders Thorne Paid and "Turns Down" Former Gov. White.

BY DIRECT WIRE TO THE TIMES.

HELENA (Mont.) Oct. 18.—(Exclusive Dispatch.) Attorney General Thorne today rendered an opinion, addressed to State Treasurer Rice, holding that warrants issued against various individuals were not "debts" against the State, and therefore advises him to continue their payment as usual. The amount of warrants issued was \$550,000 while the December taxes will yield \$384,000. This latter amount is held to be constructively in the State treasury, and therefore it is held that the warrants of former Gov. White against the payment of the warrants is not well taken. Numerous decisions are given in support of the opinion. The Treasurer will be guided by the opinion.

PRESIDENT WELCOMED IN SUNNY SOUTH.

Capital of the Confederacy Throws Open
Her Gates to the Chief.

Wild Demonstration by the Loyal Southrons—Ovation to the Head of the Nation Ends Only With His Train's Departure—Address at Capitol Square Before One of Virginia's Largest Audiences.

RICHMOND (Va.) Oct. 18.—Richmond today threw open her gates to the President, and during the seven hours of his stay, State and city officials and citizens accorded him a warm, hearty and sincere. The Presidential train arrived at a few minutes after noon, and from that moment until 7 o'clock tonight, when he departed for Raleigh, N. C., over the Seaboard Air Line, he was given an ovation. His entry into the city was the signal for a wild demonstration from a multitude, and the welcoming enthusiasm only ceased when his train continued on its journey through the South.

Mrs. Roosevelt shared in the honors, and Mrs. Montague, the wife of the Governor, gave a reception at the Executive Mansion in her honor.

The President made several addresses, one at the Capitol square, before one of the largest crowds ever assembled in Virginia's capital, another at a banquet in Masonic Temple, where 400 of the representatives of the old Dominion were gathered about the boards; again at the Lee monument, where he spoke to a large number of Confederate veterans and once more at a gathering of negroes.

WASHINGTON, Oct. 18.—In re-emption of a promise given more than a year ago, the President started today on an extended trip through the States to the South. He will visit, in the course of the tour, all of the Atlantic Coast States, Alabama, Arkansas and Louisiana. On the completion of his trip, he will be visited during his administration as President every State in the Union.

In order not to violate the quarantine regulations of other States, the President changed his itinerary so as to make New Orleans the last place he would visit. It is his intention, after spending the day of the 20th inst. in that city, to board the armored cruiser West Virginia and make the return trip to Washington by sea. He will make the trip from New Orleans to Norfolk, Va., on the West Virginia, and the journey up the Potomac River to Washington on the Mayflower.

The President left Washington on a special train over the Southern Railway at 9 o'clock this morning. In the President's party were Mrs. Roosevelt, Secretary William L. French, Jr., Dr. P. M. Hays, ex-Governor of Virginia, John A. McIlhenny of Louisiana, a member of the President's cabinet, and John C. Greenway of Michigan. John G. Elliott, Commissioner of the Interior for Porto Rico; St. C. Latta and John L. McGraw, photographers; Henry A. Shreve, photographer; Col. L. B. Brown, general agent of the Southern Railway; representatives of three press associations, two secret service officers and a corps of messengers.

Mrs. Roosevelt and Elliott will leave the party at Atlanta, after having visited Roosevelt, the home of the President's mother, and return to Washington. The itinerary is as follows: After leaving Richmond, Va., at 7 a. m., the train will proceed to Raleigh, N. C., arriving early the following morning. The party will remain in Raleigh until 1 p. m., October 19. The President and his immediate party will be entertained at breakfast by Governor and Mrs. Glenn, after which the party will visit the State fair, where the President will make an address, and be entertained at an informal luncheon.

Leaving Raleigh at 1 p. m., brief stops will be made at Durham, Greensboro, High Point, Salisbury and Charlotte, N. C., during the afternoon. Friday morning, October 20, the President will visit Roanoke, Va., spending an hour and a half. He will arrive at Atlanta at 11 a. m. The party will leave Atlanta at 7 p. m., Jacksonville, Fla., will be reached at 10:30 a. m. Saturday morning, and the President will remain at this point until 4:45 p. m. From Jacksonville the party will go to St. Augustine, where the President will spend Saturday night and Sunday. Upon arrival, the party will be driven to the Ponce de Leon Hotel, where a brief stop will be made, and then to Fort Marion, where the President will make an address, after which the party will proceed to Maitland for supper.

Monday and Tuesday will be spent in Alabama, the first stop being at Mobile, where the President will arrive at 4:30 o'clock p. m. Monday, and remain two hours, during which time he will make a speech and be taken for a drive about the city. From 9:30 o'clock to 10 a. m. Tuesday, will be spent in the town of Tuskegee and Tuskegee Institute, from which place the party will go to Montgomery, arriving at noon. At Montgomery, the President will be escorted to the State Capitol, where he will be welcomed by the Mayor and Governor after which he will make an address. The President's train will reach Birmingham at 4:45 p. m., and a stop of two hours will be made, during which the President will make an address and afterward visit the State fair, where an address will also be delivered.

Leaving Birmingham at 5:45 p. m., the President will proceed to Little Rock, Ark., arriving there at 9 o'clock the next morning. During the President's stay at Little Rock, he will visit Fort Logan H. Root and will deliver an address in the City Park. At 4 p. m., the party will leave Little Rock and return to Memphis, from which point the President, Secretary Loe and Surgeon-General Rixey will proceed to New Orleans, the remainder of the party returning direct to Washington.

The President will arrive at New Orleans at 8 a. m., and remain until 6 p. m. On his arrival, he will be taken for a sail on the river, on which he will make an address and be entertained at luncheon.

The President will leave New Orleans on a lightship tender on which

of the men who had faced with unfaltering front every alteration of good and evil fortune from 1840 to 1900, and the women, their wives and mothers, whose courage and endurance had reached an even higher heroic level—these men and women set themselves undauntedly to the great task before them.

For twenty years the struggle was hard and at times doubtful. Then the splendid qualities of young manhood and womanhood told as they were bound to tell, and the wealth of their extraordinary resources began to be shown. Now the towering riches of mine and field and factory attest the prosperity of those who are the stronger because of the trials and struggles through which this prosperity has come. You stand today on the flag, which symbolizes all that is brightest and most hopeful for the future of mankind; you stand here in the spirit of the new age. Alike in your material and in your spiritual and intellectual attainments, you are the foremost of the world's progress.

If we treat the mighty memories of the past merely as excuses for sitting idly in the present, or for standing aside from the rough work of the world, then these memories will prove a curse instead of a blessing. But if we treat them as I believe we shall treat them, not as excuses for inaction, but as incentives to make us show that we are worthy of our fathers and of our fathers' fathers, then, in truth, the deeds of the past will not have been wasted, for they shall bring forth fruit a hundredfold in the present generation. In foreign affairs we must make up our minds that whether we wish it or not, we are a great people and must play a great part in the world.

can conscience asks not "what shall we do?" but "What ought we to do?"

"How shall sixty millions of people, themselves imperfectly civilized, civilize three hundred thousand men, women and children, foreign in race, in language, in customs and in religion?"

"I received last week from Miss Annie Beecher Scoville a letter describing certain conditions, as she found them at the Winnebago agency, in Nebraska. It said: 'This tribe, fifteen or twenty years ago, was considered one of the thriftest, hardest-working tribes in the country, so we got their land allotted and the Daves Bill gave them citizenship. At once, a system of leasing and buying their votes began to grow and the people were weakened by a worse system than rationing. Three years ago, an order went into effect that forbade leasing and drinking and gambling are ruled out, and the people are beginning to show signs of improvement. The evils here described are aggravated as a result of the direction of the United States Supreme Court, that the Indian who has received his allotment of land and become a citizen can no longer be prevented from purchasing liquor and reservation regulations. This triple process, essential to civ-

ilization and to free institutions, re-

ceives an illustration in our own dealings with the negro race. The country is beginning to see that to make the negro safe to his neighbor and to himself, to make him a civilized human being, moral development must keep pace with the intellectual culture and with political emancipation."

The speaker said that we should look for more Indian schools, and in closing said:

Fire Destroys the Business Section of Alturas.

(BY THE ASSOCIATED PRESS—P.M.) BELLINGHAM (Wash.) Oct. 18.—

Investigation of the effects of William Wilson, a stockbroker and marble worker, who died here today in destitute circumstances, disclosed the fact that \$200,000 in cash, lost from the estate of a brother, J. R. Wilson, who died in Peru, and on deposit in New York, was awaiting his claim. The brother's will further bequeathed a child interest in steamships and other property, making the total value of the inheritance nearly \$500,000. In addition, \$50,000 cash from the estate of another brother, J. R. Wilson, late editor of the Bellingham News, and a prominent writer of Ireland, was awaiting the appearance of William Wilson in New York.

Wilson became ill, Wilson had been employed for some time in a hotel in Bellingham. His employees took him to the hospital and had him there for several days.

Wilson was an expert workman as a marble worker. Evidence of his wealth was found in letters which he had written to his family and which were found in his trunk and which urged them to go to New York.

Jones and His Auto Smash Not Yet Through.

Speeding and Wrong Number Not Overlooked.

Partner Hirst Comes in on the Trouble End.

Short yet sweet—aye, even delicious—were the two days of a big Whittier tourney at the home of Edward Hirst and George A. Jones.

Hirst and Jones started out as Na-poleons of the automobile world Monday. As told in The Times yesterday morning, Jones and three companions, including a woman, went into the ditch near Forty-eighth on Main street early Tuesday evening, and two men of the party are still in the hospital.

EDWARD HIRST.

The machine was totally wrecked, and Jones, the chauffeur, and William Nelson, one of his cronies in the wild dash, narrowly escaped death.

Now Jones and his partner, Hirst, are in more trouble. Yesterday, Prosecutor Beebe decided to issue warrants for the arrest of Jones and members of his party for speeding an automobile. Hirst-witnesses will swear the machine was running at a rate of fifty miles an hour when the smash occurred.

But this is not all. Hirst and Jones, owners of the wrecked machine, may be prosecuted under the State law regulating the use of automobiles.

That No. 28 proved a hoodoo for Hirst and Jones. They purchased the machine from the White Garage Monday morning and paid \$2000 cash for it. The auto lived business looked good to them, and they figured they would make at least \$50 a day.

But the auto had a bad habit of its own. In a moment of abstraction they peddled the fateful "28 Cal." on a card and hung it on the rear of their machine. They didn't stop to think that this number is owned by George E. Lepp of No. 229 Washington street, San Francisco.

Jones, experienced chauffeur, took charge of the machine and celebrated Monday night by nearly crashing Parolman Desmond at Second and Spring streets. Jones was accompanied by a blushing crowd of men and women. They escaped arrest that time.

Tuesday night, the same crowd with the exception of Hirst, imbibed freely and then tried to make a streak on the landscape out South Main-street way. That speed germ was working. The result has been told.

Justice Van Dyke Gives History of State Constitutional Convention.

TENTH SEMI-ANNUAL GATHERING OF BAR ASSOCIATION.

Justice Van Dyke Gives History of State Constitutional Convention, Frank Finlayson Whisks Court Usages, and Fitch Tells of Frontier Lawyer's Tribulations.

The interesting narrative of the formation of the State Constitutional Convention, given by Justice Van Dyke, the lively advice of a member of the bar to the members of the bench, given with the expressed hope "that it might smite the judicial Goliath in the very center of the forehead," and finally the pleasing reminiscences of a silver-tongued orator who proclaimed himself "a frontier lawyer of the Sun-land"—these were the constituent elements which entertained the 20 members of the Los Angeles Bar Association last night at the Café Bristol, at its tenth semi-annual dinner.

Hon. James A. Gibson, president of the Bar Association, presided, and there were present besides the members of the bar, Justices Shaw, Lorrigan and Van Dyke of the Superior Court, Judges of the Appellate Court, Gray, Allen and Smith, and most of the judges of the Superior courts. Several attorneys from outside cities were also guests.

"The Making of the Constitution" was Justice Van Dyke's theme. He gave a brief resume of the events which preceded the calling of a State constitutional convention, showing the necessity for such an action.

The plans of procedure in selection of the delegates was narrated, and the

historical gathering which convened from September 25, 1878, to March 2, 1879, was reviewed by one who had been a member of this assembly. Justice Van Dyke set forth the salient differences between the old constitution and the one compiled by this convention and stated that when it was submitted to a vote of the convention it was adopted by a ballot of 128 against 15. The majority for it, when the new constitution was submitted to the people was nearly 11,000, and Los Angeles county was the banner county of the State in casting its ballot for the new instrument.

"Judges ought not to eat buckwheat cakes or hot break before going on the bench," declared Finlayson, "for then members of the bar are the vicarious atonement." He made a strong plea for decorum in the courtroom and the dignity of the profession of law, hitting his brother attorneys some lively wits as well as the judges.

Mr. Fitch contends that the frontier lawyer stands at the head of the list, and the large city has its specialist, but the frontier attorney is obliged to be up-to-date upon all the range of practice.

COFFEE NEURALGIA

Leaves When You Quit and Use Postum.

A lady who unconsciously drifted into nervous prostration brought on by coffee, says: "I have been a coffee drinker all my life, and used it regularly, three times a day."

"A year or two ago I became subject to nervous neuralgia, attacks of nervous headache and general nervous prostration which not only incapacitated me for doing my housework, but frequently made it necessary for me to remain in a dark room for two or three days at a time."

"I employed several good doctors, one after the other, but none of them was able to give me permanent relief. Eight months ago a friend suggested that perhaps coffee was the cause of my troubles and that I try Postum Food Coffee and give up the old kind. I am glad I took her advice, for my health has been entirely restored. I have no more neuralgia, nor have I had one solitary headache in all these eight months."

No more of my days wasted in solitary confinement in a dark room. I do all my own work with ease. The flesh that I lost during the years of my nervous prostration, has come back to me during these months, and I am once more a happy, healthy woman. I enclose a list of names of friends who can vouch for the truth of the statement." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Ten days' trial leaving off coffee and using Postum is sufficient. All grocers.

California Furniture Co.

BROADWAY NEAR SEVENTH 639 TO 645

E wish to sound this note clear and strong. The California Furniture Co., is not connected in any way directly or indirectly with any other store, firm or company. On our floors you will find all that is newest and best in the world of furniture. The amount of business we shall eventually transact will be largely determined by the number of people who will come here to look before they buy. The first three days' experience has already proven that a comparison of prices, qualities and careful selection of styles will convince every fair minded buyer that the establishment is prepared to do business on a basis which will result in extended operations.

If your need is Furniture, Carpets, Rugs, Wall Decorations or Draperies the new store asks to have you stop a moment. There are acres of things here worth seeing.

They laid away the last decaying vestige of the dead end of town yesterday. The obsequies were held at the corner of Eighth and Broadway, the funeral cortege wending its way from the old Hamburger store to the site where the new and greater one is to be built. Business acumen; Well, I should say yes! Does any one think for a moment the Hamburgers have forgotten their cunning? Moving as they are into the territory where property is enhancing every minute in value and is too valuable to "give away" here.

E. 9TH ST.

Within a stone's throw of these wonderful improvements, stands out like a beacon light beckoning the wise investors to safe and certain profit, a street where prices are such that anyone who will can make money. How different in the other end—the dead end, where unfortunate property holders cry out, in despair, to our City Fathers—save us or we perish! Compel the unwilling taxpayers to build for us a New City Hall, on land we deem of so little value (and most everyone else) that we have to give it away, hoping to inject new life into the cadaver, but it can't be done, it's too dead. Incinerate it, Mr. Mayor, with your veto.

Second Anniversary Sale

A throng of buyers has constantly filled our store since the beginning of this great sale, eager to take advantage of this remarkable, money saving opportunity. This sale embraces every article in our entire establishment—not a single piece has been overlooked.

Never Before Were Furniture Prices Cut So Low

We make these great reductions on our entire line of furniture, carpets, rugs and draperies to show our appreciation for the liberal patronage we have received during the past two years.

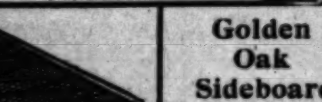

We also take this opportunity to emphatically deny that a furniture trust exists in Los Angeles, although you may have been led to believe differently by the advertisements of certain furniture houses.

We do enjoy facilities for buying, transportation, storage and delivery that enable us to sell regularly at from 15 to 25 per cent. lower than stores not so situated.

Next week we will have something to say on the carpet and rug question.

FOR GOLDEN SPIT WILL THEY FIGHT?

WILL the spit of mud that jut out between the open sea and Alamitos Bay—a narrow point containing, all told, not more than fifty acres—prove a veritable gold bonanza? Will the title to this mud dune revert to the owners of the Rancho La Brea, as accretions from the sea? Will the United States scrip title stand? Or will the showing made by the seven shafts sunk by the Anaheim Landing Mining and Development Company compel the United States Land Office to declare this mineral land, and subject to location of mineral claims?

These are the questions in an interesting three-cornered fight which is to be carried on today before the United States Land Office in this city. There was to have been a hearing yesterday, but the inability of several of the parties at interest to reach Los Angeles caused postponement until this morning at 11 o'clock.

J. C. Ord is the man who claims to have a scrip title to the land, and his ownership is mixed up with that of the Huntington interests, as the latter's holdings include Bay City and adjoining lands.

THE OIL INDUSTRY.
Western Union Pays First Dividend from Sale of the Santa Maria Oil.

The Western Union Oil Company, one of the two companies that some months ago entered into a contract with the Standard to deliver a million barrels of its product from the Santa Maria district has just declared a dividend of \$1 a share, the par value of stock being \$10. This is one of the first, if not the first, dividend paid entirely from the sale of Santa Maria oil. With the completion of the Standard's pipeline to Port Harford the oil is being delivered daily so that other dividends are likely to follow. Only a few months since the Western Union was levying assessments to carry on development. Some its stock sells above par.

Last year the Santa Maria and Lompoc fields had an estimate output of about 70,000; this year it is safe to predict double this amount with much more in sight for 1934.

THEY LAUNCH A PAPER.

Twain of Humanitarianism Well Known Throughout California Make Venture for Temperance.

The Souvenir Pledge Reporter, a new periodical, the first copy of which is launched today, is the enterprise of Dr. E. M. and Mrs. Louise L. Lawrence, a gentleman and lady of the old school who have done heroic service in the interest of temperance. Total abstinence as to intoxicants and narcotics, and moderation as to what one eats, has been their creed.

For years they have traveled the length and breadth of the State of California in a camp wagon, stopping for the night where they happened to be, and delivering lectures, illustrated by a spectroscopic, upon their favorite topic. Among the souvenirs of their work is a list of over 400 boys who have, under the influence of Dr. and Mrs. Lawrence, signed the anti-cigarette pledge, alone.

The mission of the new paper is in line with their life work and needs

The owner of Rancho La Brea, Chico will endeavor to show that this spit of land is composed of accretions from the ocean wash, and that as it adjoins their property, under rulings of various courts in similar cases this title should be vested in them.

But it is the Anaheim Landing Mining and Development Company that is expected to make a stir with its showing. This company has sunk seven shafts on the property, and in each of these, it is claimed the company has found quantities of black sands, rich in gold. The company also claims that the surface sands are full of the black particles which indicate gold.

It will present the certificates of two assays, showing that the black sands run in gold values from \$6 to \$12 per ton. This, the company claims, makes the land a mineral proposition, and raises the contention that it should be open for the locating of mineral claims.

Yesterday representatives of all three parties to the contention visited the mud spit, and there, under their personal supervision, samples of the black sands were taken to be assayed again.

The Anaheim company is confident that the Alamitos Bay property will prove a rich gold proposition.

No further explanation. It has appealed so generally to the philanthropic public that support has come to it from every direction. In order that it may have the widest possible circulation, and that every reader of The Times may have the opportunity of coming in touch with this sterling couple of humanitarians, this paper has agreed to give the Reporter the benefit of one day's circulation by including it in the regular edition of The Times this morning. It is not a part of The Times, however.

The entire edition of the Reporter today will be 50,000 copies, and Dr. and Mrs. Lawrence give the assurance that none of the proceeds from the publication will be used for themselves, but will be used in the interest of anti-cigarette agitation and publishing quarterly reports of the work. They will continue to live in their frugal way from the proceeds of their lectures.

THE GIANTS
By Mrs. Fremont Older

This novel tells the story of a colossal life-long struggle between a great head of a Trust and the son of a man he had ruined. The first is made of gold and power, but the second is every inch a man. In this novel wealth proves less mighty than the law. Bribery and corruption in high places are punished, and the hero marries the girl that he loves.

"Time and tide wait for no man." The tide of human travel is just as irresistible as the ceaseless ebb and flow pounding on the sanded shore of the Pacific.

In New York City, from the Grand Central Station going 42d Street to Broadway, the pavements are worn smooth with the ceaseless flow of travelers. What 42d Street is to New York, Fifth Street, with the New Union Station, will be to Los Angeles. It requires no man gifted with second sight to see this.

See the picture of the new steel and tile Hotel now in course of construction on Fifth Street, then keep in mind this fact: within the last ten months over Seven hundred feet of brick buildings two stories or more have been constructed on Fifth Street east of Main. The tide of travel on this gateway doubled what it was a year ago. Answer that question for yourself.

What Fifth Street gains every vein heading from Main artery gains in its proportion.

The streets that parallel it, the streets that cross it, are bound to follow in valuation because the rental income is already developed for every foot of ground. Those who profit must act at once.

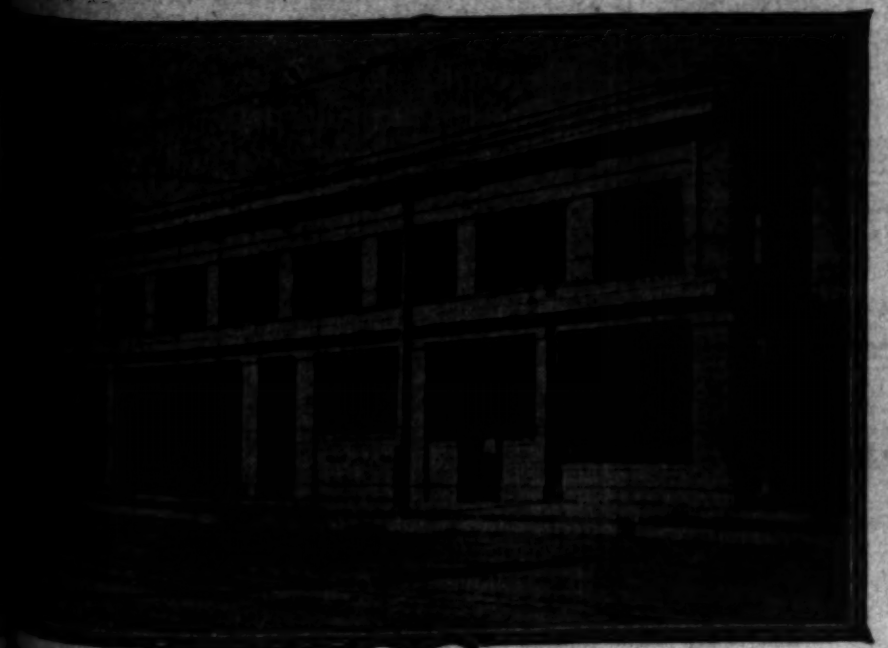

Brick Building in Course of Construction, Fifth and San Julian

Look at the picture below, "Morning at the Market;" if it means anything in the wide world it means "business," and if business means anything it means store buildings and places for people to eat and sleep. Ground right at the door of a business center like the Market has value that fire or panic cannot shake. Nine times out of ten the earning capacity per dollar invested is greater than in almost any other character of business property. As the city grows this entire district for blocks will be one network of wholesale commission houses. What will you have to pay for property here in two years? Figure it out for yourself.

This Ward has a population of between 20,000 and 30,000. Sixty per cent. of the entire population of Los Angeles eats and sleeps east of Main Street. And east of Central are the power houses, the warehouses and the great manufacturing establishments like Bishop's, giving employment to thousands who make their homes in the belt between First and Seventh east of Main. Is there anything in this that sounds like boom talk?

A Great Market Center

A new double track trolley east of Main on Seventh. Pasadena cars coming into town via San Pedro Street. Keep these streets in mind. Fifth Street, Sixth Street, Seventh Street, Central and San Pedro, these are the centers of the center a minute east of Main. Good buys can be made in this section today. We have for sale all the desirable properties that can be had in this district. An early visit to our office will put you in complete touch with the exact situation.

CAP ON THIRD OF BIG WALL.

Interesting Touch Yesterday on Our Breakwater.

Large Portion is Completed Most Under Way.

Two Years More and Whole Will Be Built.

Yesterday afternoon workmen on the great sea wall which is closing the San Pedro outer harbor laid the mammoth granite rocks in position far out on the line that extends into the ocean, and completed the first one-third of the government job.

While one-third of the breakwater now is actually completed, this is by no means all that has been done. It simply means that this much is definitely finished; but nearly another third is far advanced, with substructure laid, and everything in readiness for the capping.

About 50 feet of piling is yet to be placed on the extension of the outer end of the breakwater, and around these must be built up the walls of heavy rock. As there is a shortage of cars at present, the pile-driving work has been temporarily discontinued, as the piles must be protected by the dumped rock as soon as they are down.

Meanwhile the force of men is employed in putting the capping on the portions of the wall now in readiness for the capping.

The huge pieces of granite are swung into position with a rapidity that is daily extending the long, dark-gray line standing out above the sea, and easily visible from the fastest points in the harbor town.

The entire length of the breakwater is to be 3300 feet. With the exception of the 100-foot section already completed, the substructure work is practically completed. The walls are built up of rocks dumped on the piling on which the railway track extends.

AMAZING JUGGLING, WHERE'S THE BABY?

The much sought little girl, and her father and aunt, rivals for possession of the child.

ANY baby, who's got the baby?

With a wildly excited father and a deputy sheriff hot on the trail with a warrant for baby's arrest, the pious drama is played on the hope-much plan all over Southern California.

The baby is apparently being juggled around the circle of his lady relatives to keep him out of the father's way.

Judge Conroy took a hand yesterday and failed, just like the others, to find who has the baby.

The agitated father of the baby is O. R. Thomas of Peoria, Ill.

He had his first wife's relatives dragged into court yesterday, but failed to get the right one—the one who has the baby.

He got out a writ of habeas corpus and had it served on his father-in-law, P. Davies, a Monrovia ranchman; also on his sister-in-law, Mrs. Edwin Hennick.

But when he got them into court, he found that it was his absent mother-in-law who had the baby.

He got a fresh bunch of writs and an unwinded deputy and went dashing to Monrovia again.

The mother-in-law and the baby had simply skeddaddled. It is claimed for Mrs. Davies, however, that Margaret Thomas was not in hiding Wednesday morning. The news that her father and take her East had spread over Monrovia, and as the little one drove down Myrtle avenue with her parents, she received an ovation. She went into the postoffice with her aunt to get the mail, and almost immediately afterward many of them having tears in their eyes. She waited alone in front of the Pacific Electric depot, holding a little court, while her aunt and grandparents were talking with friends inside.

Mrs. Davies accompanied the child to Los Angeles and it is said to have been her purpose to appear in court until her attorney discovered the law in the service of papers. Afterward she did not return to her home, the family say, but they intimate she will appear in court today with Margaret.

TOUCHING STORY.

The explanation of all this riddle is very simple.

Thomas is a railroad man, the agent of the Santa Fe at Peoria.

Three years ago his wife died, leaving this little child, Margaret Thomas, then but a few weeks old. On her deathbed the mother begged that the little daughter be sent to the grandmother, Thomas, broken-hearted by the death of his wife, consented.

Since then he has been married again to a charmingly pretty second wife, and he wants the little daughter back. But the grandparents are simply crazy at the thought of giving her up.

It was months ago that Thomas first asked for the child, in a letter. He said that she was old enough to come back to him.

Whatever dummey there was in the grandparents' hearts, it was concealed. They wrote back cordial, pleasant letters, but always utterly ignored the demand for the child. They never referred to it in any way.

Finding he could not get any satisfaction through the coming out here to get the child in person.

SEARCH THAT'S VAIN.

He arrived Friday in Los Angeles with his new wife. The next day he went to Monrovia to claim the little darling of two households. He didn't find her.

the city legal departments and the railway company are warring.

In view of yesterday's sensational developments the scrap over interrupted service on South Park avenue has become but a secondary issue.

At an executive session, held shortly after noon in the City Attorney's office, Assistant City Attorney Goudge advised the Council to pass a resolution asking the Attorney-General of the State to bring suit to declare the forfeiture of the San Pedro-street franchise granted May 11, 1897, for a period of fifty years, to the Los Angeles Railway Company.

The contention on which the forfeiture is sought is that the railway company, by not completing the entire track from the Plaza to Slauson avenue, within the time limit laid itself liable to the forfeiture clause of Section 56 of the State law.

And the Council adjourned until Friday afternoon, ostensibly to consider day to resume car service out Vernon way, but in reality to sleep over the recommendation of the Attorney's office that the city commence action to declare the forfeiture of the entire franchise.

At the executive session the Assistant City Attorney explained to the Council for the first time why the legal department was so desirous to stop the operation of cars on South Park avenue. He said that the decision of the Superior Court that the railway company was a trespasser on South Park avenue was tantamount to a declaration that the company was a trespasser on the city's land.

Over five miles of track are in controversy. San Pedro street would give an opposition this entry from the heart of the business district.

Viewed in the light of yesterday's developments it is easy to understand the intensity of the legal battle which has already been waged for two years and a half in the Superior Court, and which last Thursday was won by the city, so far as it has gone.

Illustration of the baby and her father and aunt.

ANY baby, who's got the baby?

With a wildly excited father and a deputy sheriff hot on the trail with a warrant for baby's arrest, the pious drama is played on the hope-much plan all over Southern California.

The baby is apparently being juggled around the circle of his lady relatives to keep him out of the father's way.

Judge Conroy took a hand yesterday and failed, just like the others, to find who has the baby.

The agitated father of the baby is O. R. Thomas of Peoria, Ill.

He had his first wife's relatives dragged into court yesterday, but failed to get the right one—the one who has the baby.

He got out a writ of habeas corpus and had it served on his father-in-law, P. Davies, a Monrovia ranchman; also on his sister-in-law, Mrs. Edwin Hennick.

But when he got them into court, he found that it was his absent mother-in-law who had the baby.

He got a fresh bunch of writs and an unwinded deputy and went dashing to Monrovia again.

The mother-in-law and the baby had simply skeddaddled. It is claimed for Mrs. Davies, however, that Margaret Thomas was not in hiding Wednesday morning. The news that her father and take her East had spread over Monrovia, and as the little one drove down Myrtle avenue with her parents, she received an ovation. She went into the postoffice with her aunt to get the mail, and almost immediately afterward many of them having tears in their eyes. She waited alone in front of the Pacific Electric depot, holding a little court, while her aunt and grandparents were talking with friends inside.

Mrs. Davies accompanied the child to Los Angeles and it is said to have been her purpose to appear in court until her attorney discovered the law in the service of papers. Afterward she did not return to her home, the family say, but they intimate she will appear in court today with Margaret.

TOUCHING STORY.

The explanation of all this riddle is very simple.

Thomas is a railroad man, the agent of the Santa Fe at Peoria.

Three years ago his wife died, leaving this little child, Margaret Thomas, then but a few weeks old. On her deathbed the mother begged that the little daughter be sent to the grandmother, Thomas, broken-hearted by the death of his wife, consented.

Since then he has been married again to a charmingly pretty second wife, and he wants the little daughter back. But the grandparents are simply crazy at the thought of giving her up.

Yesterday's Win Over Tigers Gives Fans Hope.

Locals May be Leading in Three More Days.

Two Home Runs Features of the Hard Struggle.

Los Angeles & Tacoma 4.

It takes home runs to win games sometimes, and yesterday was the time that these sort of swats did the business.

Truck Eagan of the Tigers practically won the game for his team with a home run swing over the center fence in the first inning, and then in the fifth Cravath of the Loo-loos tied the score with a homer in the same place, and this long hit so encouraged the

locals that they got in and banged out two more runs in the sixth, winning one of the champion slugger games of the second half.

It was a beautiful struggle from the start, for the Tigers opened with three runs, one of which was Truck Eagan's homer, this driving two runs ahead of him.

With this lead it looked bad for the Loo-loos, but they came back with two runs in their half of the first round, and then evened it up in the second. Then in the third the Tigers forged ahead with another run and Cravath evened it again with his homer, and in the next period the winning tally was made.

Emerson, who had shut us out Sunday and tied a 4 to 4 game last Thursday, was put in to try it again, but Graham threw him out in the last of the third round and substituted Brown.

The locals never found it out, for they smashed the Brown just as hard, six hits being made off each pitcher. Tom was rapped severely in the first spasm, but settled down after that, and did very good work. The fielding was a little shaky, but the Loo-loos were perfect.

In the first after Doyle was out at first, Sheehan was passed and Nodyke singled, and then Truck hit the ball over the center fence. In the third, Doyle singled, advanced on Sheehan's sacrifice and scored on Eagan's infield hit to first base. A large number of the fans thought Eagan was out at first. Flood made a very difficult stop of a grounder and shot the ball to first, but Perrine called Eagan safe.

For the Loo-loos, Flood doubled to right and scored on Smith's drive to center. In the fifth, Cravath's homer tied the score in the fifth, and then in the sixth Tom and Eagan scored on their own singles. Bernard's fielder's choice and Flood's single.

The score:

WHAT JOY THEY BRING TO EVERY HOME

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome California blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.

If you have the ten-cent cigar habit, don't let your prejudice prevent you from testing the Cubanola—a cigar that will cost you only 5 cents, but that is made from a better grade and a better blend of leaf than goes into nine out of ten cigars that sell for 10 cents.

CUBANOLA CIGAR—5c.

The filler is genuine Havana—thoroughly matured, well-blended, clean long leaf, prepared by the new two-year method which has enabled the American Cigar Company to revolutionize the entire cigar-producing industry. And you buy this fragrant leaf, rolled into a perfect cigar, at just what it would cost to manufacture under the ordinary system.

Cubanola cigars are delivered to the dealer in perfect condition, direct from the hacienda, every box separately sealed in a dust-tight, weather-proof, paraffine wrapper. The tobacco is of the Cubanola brand stands for perfect cigars. It is a merit-mark that means business, quality and cleanliness in every process, and better cigars for less money.

MORE ERRORS THAN HITS. AND STRUGGLE OF PITCHERS. (BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, Oct. 18.—There were more errors than hits in today's game, each side contributing five misplays to the score. The game was otherwise a struggle between the pitchers for mastery. Seattle captured the game in the eighth, when a couple of hits brought two runs. Score: SEATTLE 4, SAN FRANCISCO 3.

Dean Says Sponge on Us This Week

We have a showing of sponges in our south window, next to Newberry's, that will interest you, sure. We are showing some of the swiftest sponges that ever came to Los Angeles. Ten dollars per for the best ones and on down the line at eight, six, five, three and last but not least a sponge for a nickel.

The Two Special Sponges

That we are laying the greatest stress on are priced respectively at 50c AND ONE DOLLAR. Both sponges are of the best quality of Mediterranean bath variety, the only difference being in the size and shape. Either sponge will bring more money on special sale—see them.

And that line of Ladies' Hand Bags we are closing out at one dollar are the best value you can ever expect to get in Los Angeles. Some of these bags sold as high as \$3.50. Others as low as \$2.00. The styles are good, too. You won't be ashamed to carry them. Our advice is—don't overlook them.

\$1.00 Hair Brushes, 75c this week.
25c Milliken Talcum Powder, 15c.
25c House Thermometers, 15c.
50c Cloth Brushes, 35c.
\$1.25 Bathing Caps, 80c.
10c Tar Soap, 5c.
10c Curling Irons, 5c.
25c Stuart's Tooth Powder, 15c.
And many other bargains too numerous to mention.

See Dean about it.

The Test of the Tailor

Is the cut, the fit, the wear, the looks of every suit he turns out.

Gordan clothes will stand every test. They're cut with a nicety that makes a perfect fit the only possible result. Every pattern in the Gordan store is one that will wear you well, and as to looks—take a look at a Gordan suit and judge for yourself.

The man of taste will be delighted with the unfinished work we are showing for business suits. Prominent among them are waives of green and gray, popular for wear now. These are patterns that will make splendid business suits.

We'd like to make every man who doesn't know a Gordan suit acquainted with one this Fall, and we know it wouldn't be longer than Spring anyway, until you would want another of the same good make.

Make it a business appointment today to drop in and order a business suit from Gordan.
